

Strategic Plan Summary 2025-2027

Our Purpose

Empowering and nurturing our community to be thriving learners, compassionate citizens and positive contributors to their world.

Empowering our health and wellbeing

Developing powerful and effective learners

A strong and connected community

- School values are embedded, observable and lived across the school community.
- Positive mental health, wellbeing and social and emotional development is promoted for all students.
- Students have access to a wide range of extracurricular learning, facilitating passions and pathways that engage students.
- Staff wellbeing is promoted and cultivated to support staff to thrive and flourish.

- Every student is equipped with learning capabilities that enable them to be future ready.
- Students have strong foundational skills in literacy and numeracy, with a particular focus on Writing.
- Teaching and learning, and instructional practices that are evidence-informed and reliably enhance student learning (starting with metacognition strategies).

- Staff work in professional learning communities that advance teaching and learning and support a strong sense of collective efficacy.
- Staff work in partnership with families to nurture and develop student learning and build a strong sense of belonging and connection to the school community.
- Students feel safe, included and valued and confidently and positively engage in learning.
